WOJTEK BARANOWSKI
SOFTWARE ENGINEER

About me

A highly motivated ex- student St Thomas More Catholic School in Bedford looking for a first time a job. Since 2019, Student at University of Hertfordshire, Hatfield School of Computer Science and Engineering.
Through ought my education, I have demonstrated high level of motivation, work ethic, and team work to achieve my predicted grades. I wish to utilise these skills to work in your company. Open to new learning experiences and enjoys a challenge. Possesses outstanding team working skills and can easily relate to people from a variety of backgrounds. Works well under pressure, always delivering results to the highest standard possible.
